

# Who knows how many more young women plan to travel to Syria? You can help stop them.

---

It's not just young men who are travelling to Syria. Several young women are now known to have left home for the conflict, leaving their devastated families in a state of fear.

We know that the strong bond between a mother and daughter can have a powerful influence on a young woman. You can talk to your daughter about her feelings. You could see changes in behaviour, or signs she may be about to travel to a conflict that millions are desperate to escape.

You can reach specially trained people for help and advice by calling 101.
