

# Year 7: Maths Independent Learning

**All work will be set by class teachers via Show My Homework.**

The majority of work will be set via **MathsWatch**: you can watch a video on the topic, then complete the questions set.

Click on 'My Work', then click on the task set.

Once on the task, click on 'View Video' for any of the topics included within the task:

The screenshot shows the MathsWatch interface for a homework set titled '8HC1 HW8'. The page includes a navigation bar with 'My Work', 'Videos', 'My Progress', and 'Extras'. Below the navigation bar, there is a 'Return to Assigned Work' button. The main content area shows the homework set details: '8HC1 HW8' and '10 questions, 28 marks'. A 'Helpful Videos' section lists several video clips with 'View Video' buttons. The first button, 'View Video' for 'Clip R7: Simple Interest', is circled in blue. The interface also features a progress indicator at the top with numbers 1 through 10.

Once you have watched all the videos that you need, click the numbers at the top to access each question set. The questions will be automatically marked as you complete each one.

If you have trouble logging in to MathsWatch, please e-mail [fjones@boteler.org.uk](mailto:fjones@boteler.org.uk) - Miss Jones can reset your password and send you your login details.

### Current & Upcoming Topics

#### **Half-Term 4 [24/02/20 – 03/04/20]**

2.3 ~ Pythagoras/Trigonometry

2.4 ~ Graphs

#### **Half-Term 5 [20/04/20 – 22/05/20]**

3.1 ~ 3D Shapes

3.2 ~ Rates of Change

#### **Half-Term 6 [01/06/20 – 22/07/20]**

3.3 ~ Quadratics

3.4 ~ Sequences, Formulae & Functions

3.5 ~ Statistics
