Covid 19 risk assessment from:-
Hampton Coaches

The same bus is used every day and the same driver.
No one else goes onto the bus and it does no other work.
We are transporting two pupils to and from school on a 16 seater bus, so the 2 metre rule is used.
The driver may be wearing PPE, there will be no requirement for the pupils to wear PPE during there journey but if they choose to then they are welcome to do so.
The bus is disinfected after every journey.

Regards
Jill Taylor
