HOBY is an international organisation designed to motivate and empower individuals to make a positive difference within our global society, through understanding and action, based on effective and compassionate leadership.

This FREE workshop is a segment of the HOBY UK experience!

Guest speakers, fun educational activities, interactions with students across the UK and a further introduction to what HOBY is about.

It is an exciting experience! Especially during this time, it is important that we connect with others and highlight how we can enforce change, even behind a computer screen.

Our main purpose is to encourage students to reach their full potential and become leaders of the future!

The focus of this workshop is the UNITED NATIONS SUSTAINABLE DEVELOPMENT GOALS, specifically:

'good health and wellbeing', 'quality education' and 'affordable and clean energy'.

- SOPHIE, AGED 16

"The HOBY experience has been a great benefit to our students. They are more confident and so much more positive about the school and their education. They have become great ambassadors, really keen to take the initiative. I would thoroughly recommend HOBY UK for the transformational and lasting impact it can have on a young person's life."
