Dear Parents/ Carers

Nasal and Intramuscular Flu Vaccination Consent Form

Your child is due to have their flu vaccine. The school session is booked for **02/12/25**.

The vaccine helps protect your child from flu. Flu can make people feel very unwell and can be serious. The vaccine also helps stop flu spreading to family and friends.

Most children will get the nasal spray. Some children may need the injection instead. This might be because of health, religion, or diet.

As part of our service delivery if a parent has completed an econsent for an IM Flu Vaccination (injection), we will aim to deliver this in school. This may be different from the previous service provider. If you have any concerns regarding this, please contact the team on the telephone number above.

Please choose which one you want your child to have on the consent form.

Fill in the consent form using the link below by 27/11/2025.
